About Our Company

Mr. Muhammad Rahim

CEO, NAZEER GROUP

NAZEER GROUP stands as a distinguished leader in the industrial equipment sector, proudly serving as Pakistan's premier stockiest for high-quality pipeline products. With a rich legacy dating back to 1995, our commitment to excellence has propelled us to the forefront of the industry. Specializing in industrial pipes, valves, flanges, and its all types of fitting, NAZEER GROUP is your reliable partner for all your inflow control needs.

Backed by a team of professionals with decades of collective experience, NAZEER GROUP prides itself on delivering top-notch solutions. Our dedicated experts understand the intricate demands of the pipeline and industrial business, ensuring that we provide unmatched quality and service to our valued clients.

NAZEER GROUP offers an extensive range of pipeline products, including industrial valves, flanges, and various pipe-related solutions. Our comprehensive inventory is designed to meet the diverse needs of our clients, providing them with a one-stop solution for their industrial equipment requirements.

At NAZEER GROUP, we prioritize quality above all else. Our commitment to stringent quality control measures ensures that every product leaving our facilities meets the highest industry standards. This dedication to excellence has established us as a reliable source for premium industrial equipment.

NAZEER GROUP, By fostering strong relationships with our clients, we aim to be the go-to solution for all their pipeline and industrial needs. Together, let's build a better future through collaboration and superior products.

Join hands with NAZEER GROUP for a journey towards unparalleled quality and reliability in industrial equipment. Let's shape a better future together!

Best Regards,

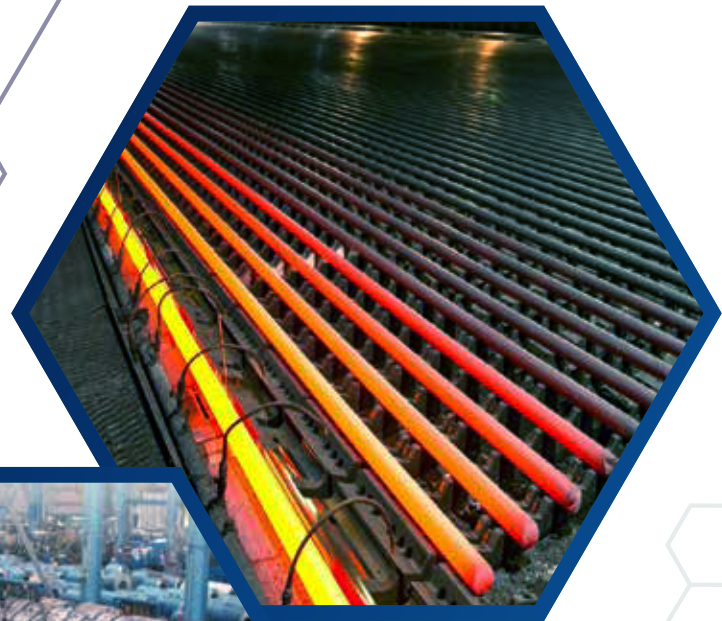

NIPPON STEEL & SUMITOMO METAL

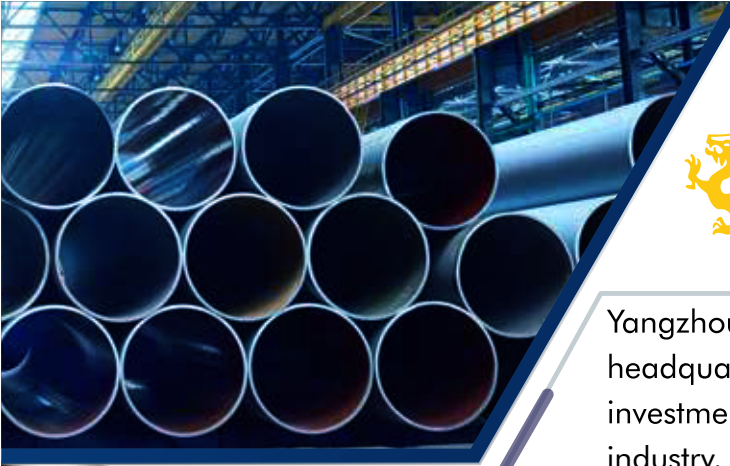

NIPPON STEEL is a world-leader in high-end seamless pipes used in oil and gas development and other energy areas. We respond to diverse needs such as pipelines, steel tubes for automobiles, and steel tubes for construction and industrial machinery, we provide high-quality, high-performance products and services in Japan and oversea.

Cold Drawn/Hot Rolled/Hot Expanded Line pipe for Commercial buildings, Firefighting, Chilled & Hot water pipelines, Oil & GAS industry as per API 5L/ASTM A106 / ASTM A53 are our main products

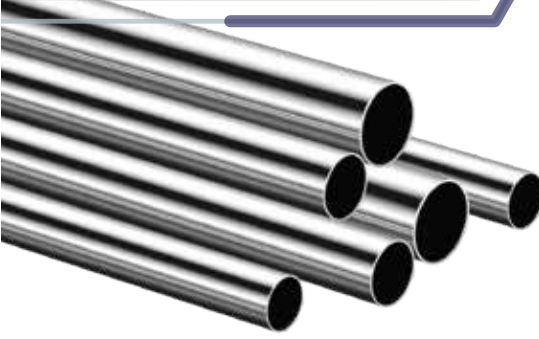

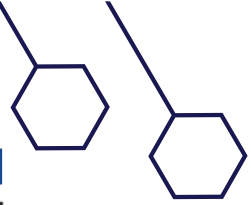

Steel pipes are used for a wide range of applications including line pipes for petroleum and gas and piping for plants, and play major roles in the development of urban areas and expansion of industries.

NIPPON STEEL is manufacturing steel pipes for various kinds of highly reliable piping under integrated management from raw materials to products by excellent technologies and various kinds of advanced, highly efficient pipe manufacturing equipment.

LONTRIN
 扬州龙川钢管有限公司
 YANGZHOU LONTRIN STEEL TUBE CO., LTD

Yangzhou Lontrin Steel Tube Co., Ltd. was founded in 2003, headquartered in Yangzhou, China, with a total fixed assets investment of RMB 4.5 billion. As a leader in the seamless steel industry, Lontrin Steel Tube since its inception has been insisting on creating value for customers, always adhering to the development strategy of "producing delicate products, establishing brandenterprise" to provide global customers with superior quality products and high-quality services.

The sales philosophy of the company is to provide customers with: one-stop service, one-time completion.

Lontrin Steel Tube ensures the superior quality products by perfect operating system, protects the interests of users by avant-garde after-sales service, and sets up the company's new leader status in the seamless steel tube industry. Today, under the guidance of the common vision of "Centurial Lontrin", the energetic Lontrin people actively meet the challenge and are marching forward on the road of building large-scale modernized steel tube enterprise that integrates scientific research, logistics and manufacturing into one.

MECH JINAN MEIDE CASTING CO., LTD.

Meide Group is a high-tech enterprise specialized in supplying fittings and vales in fluid industry. The company has won more than 400 great honors, such as Single Champion Demonstration Enterprise, Green Manufacturing Enterprise, China's top 100 Light Industrial Enterprise, China's Leading Enterprise of Malleable Iron Pipe Fitting Production Base, National Enterprise with Good Creditworthiness and China's Famous Brand.

Valve & Fitting

Professional Manufacturer
of Industrial Valves

GALA have variety products to meet customer demand of different valve. Designing, manufacture and sale of one-stop service is the company's core strengths.

Products: Flexible Stainless Steel Hose, Expansion Joint. Fire Protection Valve. Balancing Valve. Butterfly Valve. Strainer. Gate Valve, Globe Valve, Check Valve, Ball Valve. Flexible Rubber Joint.

Applications: Water supply system & water treatment. Food Industry. Chemical Industry. Cement Industry. HVACR Industry. Petrochemical Industry Pharmaceutical Industry. Large Scale Industrial Units.

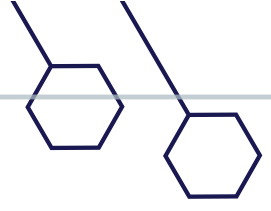

PROTEK Cast Steel Valves

PROTEK (Process Technical Equipment) represents a consortium of manufacturers of premium quality valve products with exclusive rights to market those products world wide. The extensive range of products include.

- Rubber Seated & Vulcanised Butterfly
- PTFE lined Butterfly
- Metal seated Butterfly
- Rubber & Metal Seated Knife Gate
- High Performance Butterfly
- Metal & Rubber seated Wedge Gate
- Duo plate check valves
- Ball Check

Cast Steel Valves

Quality is our commitment, while competitive price and timely delivery is our promise. From the beginning, the DHV name has become associated with quality in every step of our manufacturing process.

For the past decades our customers worldwide have trusted us to provide them with consistent and reliable valve products in their most severe and critical service.

We at DHV are proud of our ability to meet the stringent requirements of Refining, Gas/Oil, Pipeline, Petrochemical and Power Plant.

METALFAR PRODOTTI INDUSTRIALI S.P.A. Flanges

Metalfar is conscious of the necessity to continuously update and improve its machinery and to take full advantage of the technical achievements of our times, hence enabling us to maintain the highest level of production and competitiveness.

We would like to take this opportunity to thank all our associates and employees who have helped us in the growth of the company, and we feel confident that we can look forward to a continuing successful future.

JIANZHI

Jianzhi ensures the safety of every pipeline system by strict and innovative pipe fittings quality control and aims to help all partners to prosper. As a standing member of the China Foundry Association, Jianzhi is dedicated to promoting the development of this pipe fittings industry.

Founded in 1982, Jianzhi is a leading manufacturer and supplier of cast iron pipe fittings. Till now, Jianzhi has about 4,500 employees and more than 350 technical engineers with distributors covering over 100 countries around the world.

Jianzhi is committed to building a safer world by bringing premium cast iron pipe fittings to every household and building.

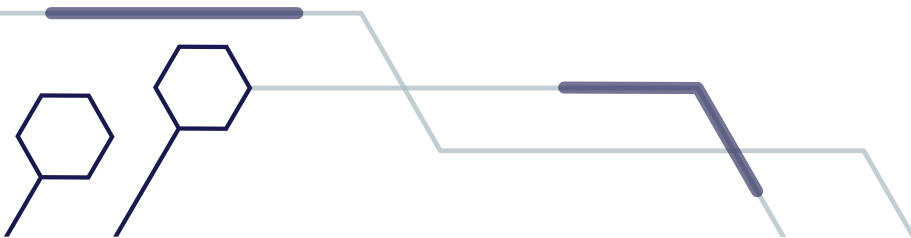

BENKAN

BENKAN butt-welding fittings are subjected to strict in-process inspection at each stage of the production process - from starting materials handling to finished product shipping. They are visually examined for conformity to company specifications and tested under the applicable ASTM, ASME, MSS and JIS codes and standards. They are also tested to make sure they conform to their intended use. Upon request, we call in officially certified test agents to witness the inspection procedures.

BENKAN butt-welding fittings are manufactured in conformity with the following standards.
